Strategic Directions

To be a Catholic community that gives life to the vision and mission of the college.

To be a community of inquiring learners who push boundaries and remain open to new possibilities

To be a community where leadership is celebrated and encouraged

To be a welcoming Catholic community in the spirit of inclusivity, diversity and connectedness

To respond to and anticipate the needs of the college community in a changing world

St Anne's College aims for graduates to be inquiring learners who take risks and are confident leaders. Graduates will have the literacy and numeracy skills required to navigate problems and the critical and creative thinking skills to develop solutions. They will be able to transfer their knowledge and skills across a broad range of contexts. St Anne's College graduates will work in a collaborative way as contributing, positive, global citizens who value diversity and are just, responsible stewards of the earth.
